

YOU'LL BE BOPPIN TO "BARNBURNERS" ALL NIGHT LONG

THE KEWPIE DOLLS

Transmitters of teen trash and lo-fi 60s garage punk, THE KEWPIE DOLLS are a fierce all-girl foursome that mash golden melodies and sleazy vocals with twang, fuzz, surf and rock. They reignite the spirit of youth rebellion with lyrics that cut like a switchblade and a sound so sonic, no dance floor will be spared. With their blunt bangs, coiffed dos, chipped nails, and kitten heels, these badass babes give audiences the kind of high-kick thrill that proves rock'n'roll is alive, screeching, and sealed with a red lip kiss.
